

## ACCESSORIES AND CONSUMABLES

*Reduce your maintenance and operating costs*

With high quality, cost effective parts to suit most equipment

### Precleaners

Enginaire Precleaners can reduce downtime, decrease maintenance costs and cut down fuel consumption. Increase engine life by up to 25% and extend the life of air filters by 12 times.

### Filters

Baldwin Filters represent quality and value for money and come with a full warranty. Use them to reduce downtime, lessen engine wear and cut down on maintenance costs.

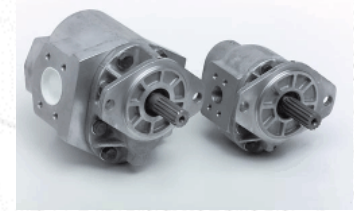

### Hydraulic kits

Hydraulic seal kits are available for a wide variety of machinery. Kits include Black, Metal-Backed, Yellow, D-Rings, Silicone, Nitrile and combinations.

### Hydraulic Pumps

Aluminium/cast iron gear pumps and kits for motor scrapers, crawler tractors, wheel loaders and dump trucks. Also cartridge kits, shafts & seal kits for vane pumps.

### Pins, bushes, seals

A complete range is available for a wide number of Caterpillar models. Kits are also available to suit various Caterpillar, Komatsu and Elpinstone machines.

### Hoses

Thermopol Silicone Hose: A complete range of High Performance Hoses for truck and machine applications including water coolant and heater, charge air cooler and turbocharger.

### Other products

Cutting Edges has an extensive range of other products, including: bearings, flange seals, hinge pin seal kits, O-rings, seal rings, buffer rings and high quality undercarriage components for all common machines.
